

A35 REPLACEMENT MIXING LIDS

WHY SETTLE FOR THE ORIGINAL?

We've been asked for years to offer replacement mixing lids for competitor's mixing machines.

A35 mixing lids feature many of the same components as our best-selling FAS series including a redesigned pouring spout for fast non-clogging dosing, and "soft-touch" locking cams. Fillon lids are a great investment. Shop painters will appreciate the close attention to detail for better ergonomics and having more accuracy during pouring.

Anti-Adhesive Skate

A35 mixing lids will make your mixing machine feel new again... but don't take our word for it, try them for yourself

A35 REPLACEMENT MIXING LIDS

A35 Quart

A35 Gallon

HAVEN'T YOU WAITED LONG ENOUGH?

- Optional new anti-adhesive skates that reduce paint residue and improve performance
- Smooth dispensing action with pin-point control pouring
