

PRO-SHAKER WITH PEDESTAL & SAFETY BELT

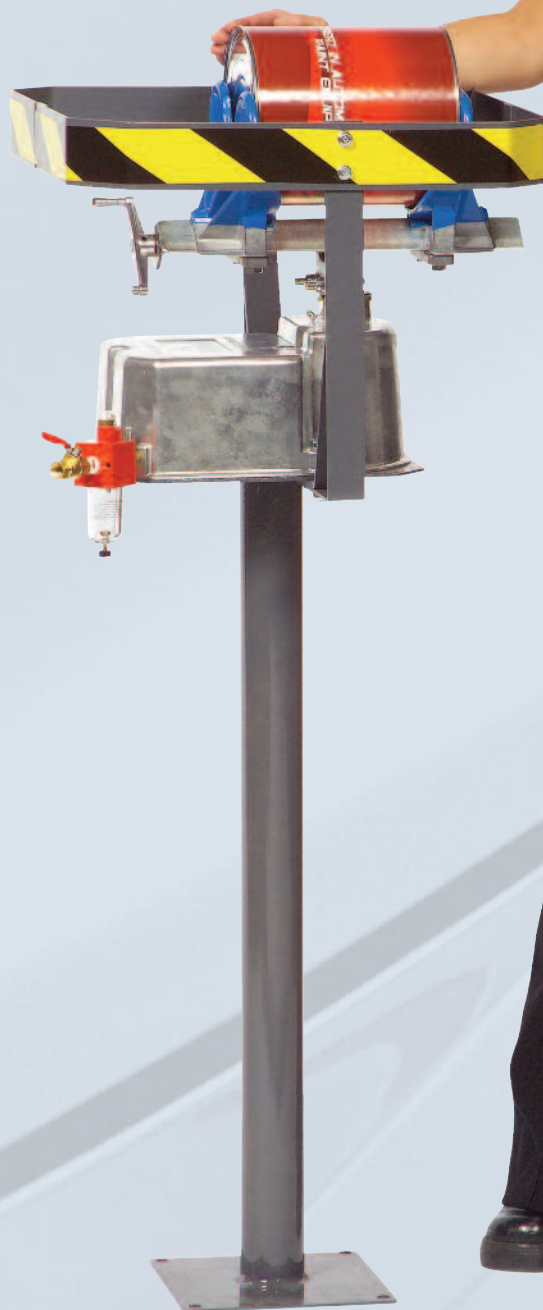

A WHOLE LOTTA SHAKIN' GOING ON!

The Pro-Shaker is a dependable air-driven shaker for preparing paint and primers/fillers quickly in can sizes ranging from 0.5 to 5-liter at up to 700 RPM.

The Pro-Shaker features an integrated air pressure compensator and automatic lubricator for ease of use. A rugged mounting pedestal and safety belt is included at no extra charge.

The Pro-Shaker consumes only 4.3 CFM free air during operation at a pressure range from 90-150 PSI at the inlet. The positive adjustable can clamp holds cans securely so that painters can walk-away and manage other shop duties.

The Pro-Shaker is endorsed by major paint companies as a reliable solution for preparing paint at new shop installations or distributor counter sales.
