

# PROFESSIONAL PAINT MIXING TABLES

*"I have a combination of "tennis elbow" and "trigger" finger from mixing paint on a daily basis. My fingers actually lock down into a tight fist position while sleeping, and my elbow aches nearly every single day.*

*-Glen, Body Shop Painter*

Table (L 28" x W 15" x H 31")  
Platform (L 11 5/8" x W 15" x H 4 1/4")

## TB66 ADJUSTABLE SCALE TABLE

*Ergonomic design reduces tendon strain*

The TB66 Adjustable Scale Table was designed to improve the ergonomics of pouring paint- especially heavy viscosity gallons that can weigh up to 30-lbs. Our concept allows the scale to be adjusted to a lower and more comfortable height to eliminate undue strain on the elbow and shoulder tendons.

- New concept that focuses on improved ergonomics for pouring paint easier
- Adjustable leveling feet for greater stability
- Floor mounting brackets for safety
- Easy-to-assemble – takes just a few minutes

# PROFESSIONAL PAINT MIXING TABLES

## TB90 PROFESSIONAL SCALE TABLE WITH EXTENSION

*Add more workspace wherever needed*

Robust table features an Alu/Zinc work surface with industry standard dimensions, lower storage shelf, utility drawer, and dual-mounting extension for additional work space.

- Dual mounting extension adds workspace wherever needed
- Includes utility drawer and lower shelf for storing paint supplies
- Adjustable leveling feet for greater security
- Easy-to-assemble

Table (L 35½" x W 21½" x H 31") Extension (L 11¾" x W 21½")

## TB120 DELUXE SCALE TABLE
